

The Michigan Municipal League represents Michigan's cities and villages and is dedicated to making Michigan's communities better by thoughtfully innovating programs, energetically connecting ideas and people, actively serving members with resources and services, and passionately inspiring positive change for Michigan's greatest centers of potential: its communities.

We share membership with the Michigan Association of Municipal Clerks, whom we support in their legislative efforts and look to as our issue experts on municipal elections.

*In addition to our support for MAMC's 2021-2022 Legislative Priorities, the League supports the following key priorities and reforms:*

- Investments in local communities for updated election technology, infrastructure and staffing, to successfully carry out elections efficiently and safely.
- Permanently allowing for the pre-processing of ballots.
- Allowing for voters who cast their AV ballot in person at the clerk's office to place their ballot through a tabulator at that time.
- Adjustments to election posting requirements so that newspapers are not the required mechanism for notice.
- Expansion of eligible precinct locations.
- Continued education on Proposal 3 and the changes made to Michigan's electoral process.
- Requiring disclaimers on all third-party absentee ballot applications that they are not being sent by the State or local jurisdiction.

We love where you live.
